

"My dealer was right — they do satisfy!"

There's more to a cigarette than merely "pleasing your taste." Other cigarettes, besides Chesterfields, can do that.

But Chesterfields do more—they begin where the others stop!

Because Chesterfields satisfy!—they give you the true meaning of smoking!

Yet they're MILD!

This new combination ("satisfy," yet mild) can be had only in Chesterfields—because no cigarette maker can copy the *Chesterfield blend!**

GOLD IN U.S. ONLY \$50,000 BELOW FOUR NATIONS

WARNING COUNTRIES OF EUROPE HAVE DEBTS RUN- NING INTO BILLIONS

New York, Aug. 28.—By the terms of the new \$25,000,000 commercial credit for France, announced today, it became known that the French republic's war debt in the United States now totals nearly a half billion and that this country now holds within its borders one-half of the total gold supply of England, France, Germany and Russia. Brown Brothers & Co., negotiated the extension of this new credit, which was arranged with ten French banks under patronage of the Banque de France to facilitate the export to the French republic of \$25,000,000 worth of American merchandise.

The credit is secured by collateral consisting of French government bonds held in New York. Payment in gold at maturity is guaranteed by the Banque de France.

The new credit runs for one year and is to be available by ninety-day sight drafts.

Vast Sums Brought to U. S.

This deal enables the payment to American exporters in dollars in this country and cuts out the risks of exchange, thereby encouraging exports.

Regarding the shifting of financial strength from Europe to the United States, the Mechanics' and Metals National Bank said that two years ago the four great central banks of Europe, the Bank of England, the Bank of France, the Bank of Germany and Bank of Russia, held \$80,000,000 more gold than was held in this country.

Today the United States has within \$50,000,000 of the combined gold holdings of the four European reservoirs. Within two years the United States has added more than \$600,000,000 to its gold supply.

In this connection the bank states that in addition to this gold inflow, which United States banks have actually tried to check, there have been returned upward of \$300,000,000 in American securities formerly owned in Europe.

RENEWED TESTIMONY

No one in Guthrie who suffers backache, headache, or distressing urinary ills can afford to ignore this doctor's man's testimony now. If he continues, testimony, that no physician need fear.

A. G. Goff, U. S. deputy marshal, 213 East Villa Ave., Guthrie, says I suffered terribly from kidney trouble, caused by constant horseback riding and exposure to all kinds of weather. My back and bones were intensely painful and I was hardly able to hobble around. The kidney secretions were highly colored, watery and burned in passage. I used all kinds of medicines in my effort to get relief, but it was left for Doctor's Kidney Pills to bring the desired results. They cured the attack and during the years which have since passed, I have had no serious return of the trouble."

DR. DOAN'S OCCASIONALLY.

MORE THAN TWO YEARS AGO, Mr. Goff said: "Whenever backache comes on me, as a result of too much horseback riding, I use Doctor's Kidney Pills. They soon put
